

## REMARKS

The Examiner is thanked for extending the courtesy of an interview with Applicant's representative on November 12, 2009.

As discussed during the interview, the present Amendment corrects an error in claim 1 by inserting the equation  $x_{n+1} = x_n + \delta \cdot \kappa \cdot x_n^{\xi} (w - x_n \cdot \mu)$  -- which was inadvertently omitted in the previously filed response. Entry pursuant to 37 C.F.R. §1.312 is believed to be in order.

The Examiner's statement of reasons of allowance (provided with the Notice of Allowance) erroneously states that the equation recited in claim 1 is:

t.h:~ .....d...~t;.4...tr'a~2sLY~i2s...s')~.!7~g.~...(J2~t~...~! second!

The Examiner's statement of reasons of allowance also erroneously states that the equation recited in claim 10 is:

$x_{n+1} = Z_N + \delta \cdot \kappa \cdot x_n (w - x_n \cdot dg)$

During the interview, the Examiner indicated that these erroneous equations resulted from the USPTO scanning/OCR process, but that these erroneous equations would not be printed in the resulting Official Letters Patent. Instead, the correct equations (provided above in the foregoing claim amendments) would be printed in the resulting Official Letters Patent.

The Commissioner is hereby authorized to charge any deficiency in the fee(s) filed, or asserted to be filed, or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Account No. 14-1140.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
